

## CONTENTS OF VOLUME 22

### *Number 1*

Synthesis, Characterization and Dyeing Properties of Copper (II), Nickel (II) and Cobalt (III) Complexes of 2-Pyridylmethylene-1-Amino-2-Naphthol . . . . .	1
N. KOPRIVANAC, S. PAPIC, Z. GRABARIC, D. OSTERMAN-PARAC & A. MESINOVIC (Croatia)	
Dyeing of Wool and Nylon 6.6 with Henna and Lawsone . . . . .	15
B. M. BADRI & S. M. BURKINSHAW (UK)	
Purification of Human Serum Albumin by Dye-Ligand Affinity Chromatography . . . . .	27
LI ZHIXIN & CHEN KONGCHANG (China)	
A Study on the Crystal Structure of a Solid Solution of Monoazoacetoacetanilide Yellow Pigments . . . . .	47
LIU DONGZHI & REN SHENGWU (China)	
Reaction of 2,3-Dichloro-5,6-dicyanopyrazine with Amines . . . . .	57
D. HOU & M. MATSUOKA (Japan)	

### *Number 2*

Dyeing in the Presence of Free Radical Initiators. 2. The Dyeing of Nylon 6 with Disperse Dyes . . . . .	69
S. M. BURKINSHAW (UK) & J. G. LU (Taiwan)	
Electronic Properties of Polymethine Compounds. 2. Electron Donor Ability and Relative Stability. . . . .	83
A. D. KACHKOVSKI & M. L. DEKHTYAR (Ukraine)	
Formaldehyde-Induced Discoloration: Design of Formaldehyde-Fast Bisazo Dyes . . . . .	99
T. OMURA (Japan)	
Synthesis and Properties of Naphthalimide Acid Dyes . . . . .	117
K. WOJCIECHOWSKI (Poland)	

## Number 3

- Dyeing in the Presence of Free Radical Initiators. Part 3: The Dyeing of Nylon 6.6 with Nitrodiphenylamine and Azo Disperse Dyes. . . . . 131  
S. M. BURKINSHAW (UK) & J. G. LU (Taiwan)
- Interaction Between Water-Soluble Polymers and Azo Dyes Containing Fluorine Atoms. Part 3. Positional Effects of Trifluoromethyl Groups on the Interaction . . . . . 151  
K. HAMADA, T. HIRANO, K. YAMADA & M. MITSUISHI (Japan)
- The Influence of Arylamide Groups on the Properties of Acid Dyes . . . . . 163  
K. BLUS & J. KRASKA (Poland)
- New Colour Compounds Binary Cyclo-tetraphosphates  $\text{Mn}_{2-x}\text{Co}_x\text{P}_4\text{O}_{12}$  and  $\text{Zn}_{2-x}\text{Co}_x\text{P}_4\text{O}_{12}$  . . . . . 173  
M. TROJAN & J. PALME (Czech Republic)
- Diazotization of 2,6-Diaminobenzothiazole. A New Process for the Preparation of 2-Chloro-benzothiazole Reactive Azo Dyes . . . . . 183  
D. DÉSILETS & G. K. HAMER (Canada)
- The Synthesis of Some 1,8-Naphthalic anhydride Derivatives as Dyes for Polymeric Materials . . . . . 191  
T. N. KONSTANTINOVA (Bulgaria), P. MEALLIER (France) & I. GRABCHEV (Bulgaria)

## Number 4

- Evidence of Non-Emissive Protonated Forms in Methyl Esters of Rose Bengal and Eosin Y in Acidic Medium . . . . . 199  
J. C. DEL VALLE, N. A. GARCÍA & F. AMAT-GUERRI (Spain)
- Dyeing in the Presence of Free Radical Initiators Part 4—The Effect of Radical Initiators on the Dyeing of Nylon 6.6 with Anthraquinone and Quinophthalone Disperse Dyes . . . . . 207  
S. M. BURKINSHAW (UK) & J. G. LU (Taiwan)
- Colour-Constitution Relationships in 2-Acylamino-4-*N,N*-Diethylaminoazobenzene Disperse Dyes . . . . . 223  
A. T. PETERS (UK) & E. CHISOWA (Zambia)
- Properties and Structure of Naphthalimide Dyes Derived from Pyrazolones . . . . . 239  
K. WOJCIECHOWSKI (Poland)
- Color Photographic Development Accelerators Part II—Effect of Development-Accelerator-Releasing Colorless Couplers on the Photographic Characteristics of Color Negative Material . . . . . 255  
ZHU ZHENG-HUA, CHEN SHU-LING, CHEN YUE & YAO ZU-GUANG (China)
